- 2012/2011: +37.2%
- **Operational profit:** 16 mil. EUR

CCAI goals

1. Increase competitiveness of the Czech aviation industry
2. Extend cooperation within CCAI, integrate capabilities and expertise
3. HR development, training and education support in the aviation industry
4. Contribute to harmonize business environment

CCAI profile

- CCAI is a recognized body representing the Czech aviation industry
- Network of 17 aviation companies and 6 institutions
- Dedicated to performance excellence and efficiency
- Committed to continuous improvements in human resources, quality management
- Internal supply chain reflected latest lean principles
- Tier 1 integrators (e.g. Aero, ZODIAC-Driessen Aerospace CZ) to global prime contractors

CCAI capabilities

Design, development, integration, production and testing

- Airframes, wings, tailplanes and other structural parts
- Engine & its accessories
- Landing gears
- Onboard instruments & systems
- Cabin interiors & galleys

Maintenance, repairs, overhauls, upgrades and modifications

- Military aircraft
- Helicopters
- Engines & accessories
- Systems integration (fuel, hydraulics, electronics, gun systems)

Special mission aircraft

- Training & acrobatic aircraft
- Surveillance, reconnaissance and patrol aircraft
- Unmanned aerial vehicles and systems

CAPABILITIES

AEROSTRUCTURES	 VODOCHODY				
AERO ENGINES					
LANDING GEARS	 VODOCHODY				
AIRCRAFT INTERIORS					
AVIONICS					
ONBOARD SYSTEMS					
SUBASSEMBLIES					
AIRCRAFT			 VODOCHODY		
ENGINEERING	 VODOCHODY				
MRO		 VODOCHODY			
TRAINING					
R&D					

CCAI members' partners

- BAE Systems
- Boeing
- Bombardier
- EADS
- Embraer
- Finmeccanica
- GE Aviation
- Honeywell Aerospace
- MIL Helicopters
- OAO Klimov
- Russian Helicopters
- SAAB
- United Aircraft Corporation (OAK)
- United Technologies Corporation

Address

CCAI – Confederation of Czech Aviation Industry
U Letiště 374
250 70 Odolena Voda
